RE: 2021 Milling And Paving At Various Locations In Middlesex County

Dear Honorable Mayor Anesh:

The following County roadways will be resurfaced as part of the contract known as "2021 Milling And Paving At Various Locations In Middlesex County" by Schifano Construction Corporation. The construction administration and inspection of the project will be performed by Colliers Engineering and Design under the direction of Mr. Ed Kuchie, Senior Engineer (732-354-7509) of my office.

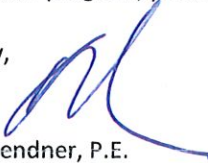

- 1) **Hamilton Boulevard** from South Clinton Avenue to Stelton Road
- 2) **Hamilton Boulevard** from Durham Avenue to Lakeview Avenue bridge deck

We kindly request that your Office of Public Works review the existing sanitary sewer manhole castings within the above listed County roads and reset any facilities that are no longer flush within the existing pavement surface.

The contractor tentatively anticipates resurfacing the indicated County roadways on or about **8/11 – 8/17/2021**.

If you should have any questions, comments, or conflicts pertaining to this program, please feel free to contact my office.

Sincerely,

  
Ronald Sendner, P.E.  
Middlesex County Engineer
