9/20/17

Dear Resident,

As part of our ongoing facilities upgrade and maintenance program, on or about Thursday, September 28, 2017, New Jersey American Water will begin maintenance work on our 60 inch transmission main located along the woods at the end of Spicer Ave and Kenneth Ave. This work will involve clearing of brush and trees along our main in the wooded area at the dead end. We do not anticipate any water service disruptions. The work will be conducted by our contractor Renda Contracting. If you have any questions please do not hesitate to call me at (908)482-5158.

Thank you,

Ralph Brizuela  
Construction Inspector NJAW
